**DETAILED ACTION**

This is in response to the amendment filed on August 19<sup>th</sup> 2008 which concerns application 10,786/018.

***Allowable Subject Matter***

1. Claims 1-6, 11-12, and 15-17 are allowed.
2. The following is an examiner's statement of reasons for allowance: Independent claim 1 recites "monitoring said input data and said output data displayed during use of said one or more user interfaces to identify patterns in said input data and said output data" when a pattern is identified, a new user interface is created which automatically aggregates the web services. This is distinguishable over the prior art which uses descriptions of web services to aggregate and create new services/interfaces. The dependent claims further define the invention. Independent claims 15 and 17 are system and medium claims that correspond to claim 1, they are allowable for similar reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
